

Identifying Tone

Tone is the author's attitude toward the subject matter or toward the reader or audience. Words that could describe tone include *doubtful*, *humorous*, *sarcastic*, *serious*, and *outraged*. Tone is conveyed through the author's word choices and the details that he or she includes. A text may have more than one tone.

HINT: Keep in mind that in a work of fiction, tone is the author's attitude, and not necessarily the attitude of the story's narrator. Ask yourself, "How does the author feel about what he or she is writing about?"
